

Develop Your **Hydraulic & Electrical** Troubleshooting Skills with **LunchBox Sessions**

Applied Industrial Technologies now offers **LunchBox Sessions** – dynamic online fluid power training for engineering and maintenance professionals.

What Is LunchBox Sessions?

- » LunchBox Sessions is an engaging approach for **professional development** of hydraulic and electrical troubleshooting skills.
- » It features **simulations** and **live schematics** essential for learning critical systems processes, skills, hazards and troubleshooting.
- » Applied® can provide a **custom approach** to specific curricula and live review sessions where fluid power certification is desired.

Why Choose Applied® For Your Training Needs?

- » Applied® has a **proven record** of providing impactful industrial training essentials for retaining talent and driving operational effectiveness.
- » As a leading industrial distributor, we add value by **customizing learning** to your equipment and drawings.
- » Our certified staff will conduct **live sessions**.
- » Our approach bundles online course pathways with live webcast reviews to facilitate learning and preparation for **fluid power certification**.

Impactful Training with MaintenancePRO® and LunchBox Sessions

MaintenancePRO® technical training courses from Applied® can be combined with LunchBox Sessions to offer apprenticeship programs for organizations focused on reliability and talent development – supporting your business objectives and retention.

The overall curriculum consists of two phases:

- » Electrical-Hydraulic training through LunchBox Sessions
- » MaintenancePRO® technical training

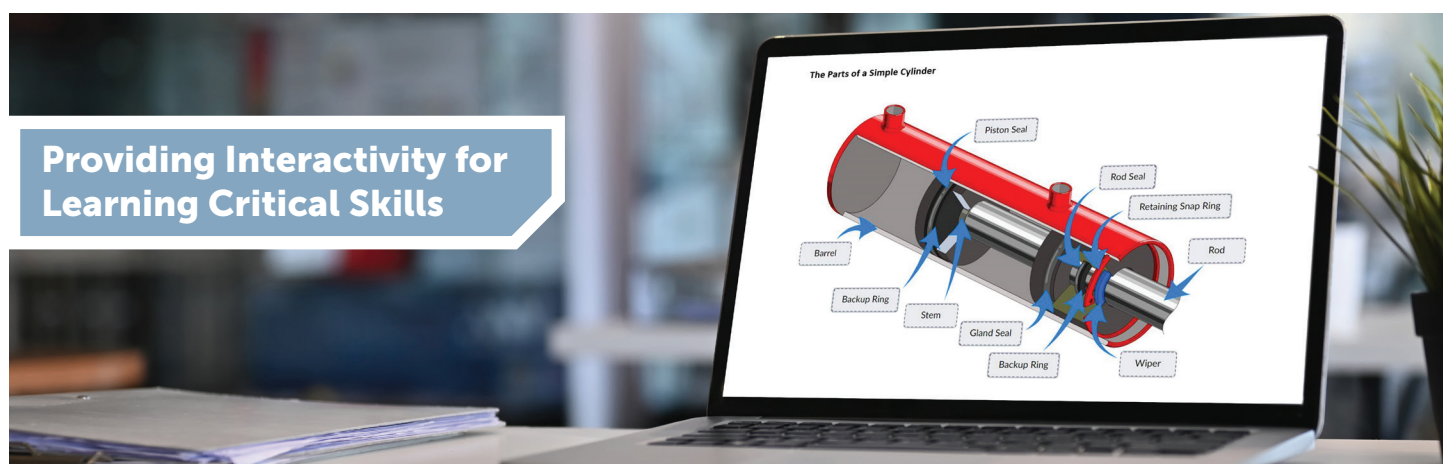

A variety of schedules are available to suit your needs, with courses offered in beginner, intermediate and advanced levels.

The combined curriculum includes:

Fluid Power Basics	Pressure & Flow	Hydraulic Schematic Symbols
Hydraulic Hazards & Safety	Positive & Non-Positive Pumping	Basic Electric Concepts
Electrical Hazards & Safety	Series & Parallel Circuit Basics	Interpreting Electrical Schematics
Parallel & Series Systems	Fixed & Variable Displacement Pumps	Flow & Directional Control Valves
Pressure Relief Valves	Hydraulic Actuators	Connectors
Electrical Measurements	Hydraulic Steering	Open & Short Circuit Faults
Switches	Relays	Hydrostatic Systems
Troubleshooting Processes	Starting & Charging Systems	Hydraulic Troubleshooting Techniques

MaintenancePRO® is an authorized distributor for LunchBox Sessions, a service of CD Industrial Group, Inc.
