

SAFETY DATA SHEET:

To Whom It May Concern,

Per your request for Safety Data Sheets for Components of HUB Industrial Supply First Aid Kits, drugs, pills or pharmaceuticals found in our kits are exempt from this requirement:

“Drugs regulated by the U.S. Food and drug Administration (FDA) are covered by the HCS. However, section (b)(6)(vii) of the HCS exempts FDA drugs when in solid final form, such as tablets or pills for direct administration to the patient”.

The above-mentioned section exempts any drug, as that term is defined in the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.), when it is

- In solid, final form or direct administration to the patient (e.g., tablets or pills) OR
- Drugs which are packaged by the chemical manufacturer for sale to consumers in a retail establishment (e.g., over the counter drugs) OR
- Drugs intended for personal consumption (e.g. first aid supplies)

If you have any further questions regarding this matter, please feel free to contact us.

Thank you,

Andrew Carrender
