Additional Lyrics:

Verse 2

Eighteen thousand miles an hour
 Fueled by science and solar power
 The oceans racing past
 At half a thousand tons
 Ninety minutes Moon to Sun
 A bullet can't go half this fast

Prechorus 2:

Floating from my seat
 Look out my window
 There goes Home
 That brilliant ball of blue
 Is where I'm from, and also where I'm going to

Prechorus 3:

Pushed back in my seat
 Look out my window
 Here comes home
 What once was fuelled by fear
 Now has fifteen Nations orbiting together here.
