

Marvellous Media Mondays

Due On Tuesday, March 18, 2014

Infographics

In both Math and Social Studies, we're going to be exploring infographics. Tonight, take a look at infographics at home. Talk to your child about what he/she notices about ...

- the images.
- the text.
- the data (focus on the "math" shared).

Your child should be prepared to discuss these observations in class as we look at infographics together. If your child has any questions or wonderings about infographics, we can discuss these as well. He/she may wish to write down some of his/her home observations to help with the class discussions. Please make sure that your child is ready to share these observations in class tomorrow (March 18th). Thanks!
