

Class Act

Phonological Awareness Program

Adapted for iOS by Jared Bennett, Valerie Bennett, Tammy DiDonato, Robin Jun & Ryan Peters

The Class Act kit has been adapted as closely as possible for implementation using iPads. While the focus and skills have not been altered, some of the required student responses differ to compliment the new platform. Please note that Cycle 8 (Bingo) and Subsection 6.3 (Puzzle) have not been adapted.

Requirements:

- 1 iPad for teacher use
- multiple iPads for student use
- wifi

Instructions:

Download the **nearpod** Teacher app on one iPad for teacher administration.

<http://itunes.apple.com/us/app/nearpod-teacher/id523540409?mt=8>

Download the **nearpod** Student app for each student iPad.

<http://itunes.apple.com/us/app/nearpod-student/id480295574?mt=8>

On the teacher admin iPad, login to **nearpod**.

When you select a presentation cycle to administer to your group of students, you will be given a PIN# for student login.

Students should launch the **nearpod** Student app and login using the aforementioned PIN#.

After the students enter a name or initial, as prompted, you may begin to push the student pages to the student and begin the activities.

Using the Teacher App, you will be able to monitor individual student progress to personalize your lesson focus as desired.

Additionally, student progress is recorded within the teacher dashboard on the nearpod website.
