Voice of the Customer

"Best alternative to Canadian drugs licensed in the USA so subject to the same regulations. I've told anyone who will listen about them. I've been using them for years. If you have any problems, their customer service is responsive and quick." - May 2015

Nina

"As I recently lost my health insurance, this was the first time I had even compared prices on my prescription. Never really knew the true cost at my local pharmacy. I was shocked when I called them to ask what my prescriptions cost without insurance. That's when I started researching other avenues. I have been impressed with the speed of delivery, ease of transferring my Rx, and ease of ordering. Very impressed." - May 2015

Wendy

"When I lost my health insurance, I went looking for the best prices for my generic meds. Fortunately, I found Healthwarehouse.com. Not only were my prescribers available at great prices, but when I did get insurance, I found that I could continue to get my meds at better prices than my co-pays. Their automatic renewals and mailed delivery help me avoid the monthly wait checkout in the local pharmacy. Great company. Thanks for keeping prices low and providing great service." - April 2015

Gail

"This is one of the most courteous and professional pharmacies period. I love their customer service and their experience and knowledge of products. We need these pharmacies, as the ones on the corners are becoming convenience stores instead of caring for the health of their patients. Thank you for your service." - March 2015
