

MBS-TH

3-in-1 Sensor for Original Hydro-X

The MBS-TH 3-in-1 sensor combines air temperature, humidity, and photocell sensor to create the perfect 3-in-one environmental sensor. It is designed for the original Hydro-X controller.

- *Note:** This is a replacement or spare part. The main controller comes with a sensor already.

***Note:** Sensors should remain dry and clean to prevent premature failure. Do not spray foreign substances or allow water / condensate on the sensors.
