

IBP Exam Approved Training Providers

The IBP Institute has reviewed and approved several training providers whose programs, courses or textbooks sufficiently cover the topics that comprise the IBP Body of Knowledge.

IBP Candidates may choose to study for the IBP Exam however they see fit, and the number

of study materials needed will depend upon each candidate's individual knowledge level.

IBP Candidates may decide to obtain all study materials from a single provider or create a study plan by mixing individual materials from several providers of their choice.

To assist with this, the diagram below outlines the approved provider training modules that cover IBP Exam topics.

Each module is mapped to the topic(s) covered, and includes links to those modules on provider websites.

	Excel	Accounting	Financial Modeling	Valuation	M&A	LBO	PowerPoint
AMT Training	Build Business Spreadsheets Using Excel Book, \$36.99 View Module		Crunch The Numbers, Ultimate Set Books, \$107.99 View Module				Intro to PowerPoint Online, \$66 View Module
