Convince The Boss

Machine Learning Innovation Summit • June 5 & 6, 2017, San Francisco

Two days of cutting-edge Machine Learning talks and interactive discussions. Give your team the edge, with sessions from the industry's leading speakers, the hottest topics and some world-class networking.

LEARN ABOUT: MACHINE LEARNING, DEEP LEARNING, AI, BIG DATA, NLP, SENTIMENT ANALYSIS, TEXT TO SPEECH CONVERSION, TEXT ANALYTICS, NEURAL NETWORKS & MUCH MORE...

Big Commitment, Bigger Benefits

We know that machine learning is an integral part of your business and being out of the office can be an inconvenience. But it's because you're so integral to your business that you need to keep abreast of the most common issues and most important solutions for you to improve processes within your organization.

Need to Know Basis

We cover the topics that matter most to today's data scientists, and then top it all off with a healthy dose of creativity-enhancing inspiration & innovative action points and takeaways.

Amazing City, Amazing Show

Machine Learning San Fran has grown into the highest level must attend data conference around, meaning loads of useful networking for our attendees, and masses of useful content.

Relive the Summit

Online videos of all sessions, with integrated slides and audio will be made available Gold & Diamond Pass holders after the event.

The Most Up-to-Date Content

The summit covers topics that matter the most to today's data science leaders. You'll return to the office ready to go.

World's Best Speakers

Hear case studies from the best names in the industry. The most influential speakers fly in from around the world to present their expertise!

Free Wifi & Co-Working Space

There will be free high-speed Wifi and a co-working area for you to catch up on any urgent work during the breaks.

Just Too Busy? Tailor Your Time

If you can see the benefits, but still can't imagine losing time out of the office for the two days, we offer the option of 1 Day Only passes to the conference.

Great Chances for Networking

With over 150 like-minded data science leaders descending on San Fran for the event, and both structured and informal networkings sessions provided, it's a brilliant opportunity to forge new professional contacts.
