Repeatability Plots for Feature Detectors (real-world scenes)
Repeatability Plots for Feature Detectors (MIS data)

- **Rotation Change (Fig. 5a)**
- **Scale Change (Fig. 5c)**
- **Image Blur (Fig. 6a)**
- **Tissue Deformation (Fig. 5d)**
- **Tissue Deformation / Illumination Change (Fig. 5b)**

Graphs showing the repeatability percentage of different feature detectors over frames for various types of changes. The detectors included are SIFT, MSER, Hessian, Harris, and Anisotropic.
