#MyCutco A STORY FROM PATTY C.

"I was a 19 year old student with a part-time job when I moved into my first 'singles' apartment. I had a limited budget, but after seeing an impressive demo by a Cutco salesman, I enthusiastically bought the 5-piece starter set. Then reality hit...I thought, what have I done? I can't afford these. I don't even cook! But they were too nice to return, so I kept them. Forty-seven years later, I still have my original set! It was the best purchase I've ever made! I'm so spoiled by these knives, I cringe when I'm forced to use someone else's knives. I'm not ashamed to admit, I'm a Cutco snob."

#MyCutco A STORY FROM HEIDI S.

“For my parents’ 50th wedding anniversary we had their knives sharpened and repaired. The potato masher can still mash a 10 lb bag of potatoes for Thanksgiving dinner. The basting spoon mixes a roaster full of ‘mean chili’ which is ladled with the family’s original ladle. The grandchildren are using the slotted turner to flip pancakes like we used to when we were kids and they frost chocolate cake for grandma using the professional spatula. My mom has severe dementia and forgets many things. However, when we mention her Cutco, she smiles and says ‘I bought those when your dad and I were just getting married.’ Cutco is more than just quality. It’s a part of our family and the memories we have with our mom and the memories we make with our children.”

A 5-STAR REVIEW FROM SUSIE Q.

"Having yearned to purchase a Cutco knife set for years, I took the plunge this past December. The table knives are a revelation and very useful as basic knives, not just at the dinner table. I added a few extra dollars to get a block with more slots, and I will add the Trimmer and Slicer someday. This brand is outstanding and I would not spend money on any other brand of knife."
