

SG Standard HP-II 2018

Next Generation SG

SG Standard HP-II is a classic SG double-cutaway style guitar with the new twist of an elegant AA figured maple top added to the traditional solid-mahogany body and neck. Featuring advanced materials including titanium adjustable zero fret nut and bridge saddles for improved performance, frets over binding, soloist neck width, and fast-access heel. Immense tones are driven by two humbucking pickups with DIP switch and 2 push-pull top hats, appointed with eye-catching chrome knobs. A slightly thicker body provides for more precise weight offset and overall improved balance in the guitar.

Specs

Series	Gibson Model Year 2018
Body	
Body Style	SG
Back	Mahogany
Top	AA Figured Maple
Weight relief	N/A
Neck	
Neck	Mahogany
Neck profile	Slim Taper
