Exhibition

Elizabeth Condon

Running between the 6th and the 26th at the Beijing DaFeng Art Gallery's 798 Exhibition Space is a showcase of work by Elizabeth Condon. Pulling from her experiences between life in Tampa, Florida and Brooklyn, New York, Condon will display a collection of pieces which play with imaginary landscapes remembered from her childhood in Seussland and landscapes recorded seven hundred years ago in Chinese Yuan Dynasty landscape paintings. This is her first solo exhibition in China.
