100 years of confectionery perfection!

Aplets Fairies from the 1930's

When our founders Mark Balaban and Armen Tertsagian created America's favorite fruit-and-nut candies, they had a product that pretty much sold itself. One taste of the fresh and fruity flavors of Aplets & Cotlets and people were hooked! But first you have to get your potential customers to give them a try, and that was a daunting task in the 1920's before television and the internet. So Mark and Armen had to get creative. Their earliest efforts included selling boxes on the Pullman trains that ran along the Pacific Coast... dressing up ladies as "Aplets Fairies" to pass out samples... and building parade floats to throw pieces of candy to anxious crowds. As time went on, Liberty Orchards even rented booths at World's Fairs to give a tasting to thousands of people at a time!

As new generations of family took over the business, they found new ways of promoting our products. Window displays, magazine ads, and even mail order catalogs like this one! But the best way to get a new customer is to have them try our candies. Which is why our money-back guarantee is the best promotion of all, because all it takes is that very first taste of fruit-and-nut bliss to win them over!

Aplets & Cotlets®

Give our classic combination of fruit-and-nut flavors, an American favorite for over 99 years!

The blossom-fresh flavor of crisp Washington apples, the tangy goodness of ripe apricots, and the nutty richness of crunchy walnuts have made our namesake Aplets & Cotlets our top sellers since 1920. We slow-simmer the ingredients to condense the rich flavors and bring a smooth texture to our candies that's easy on the teeth and impossible to resist. We still do most everything by hand, so you can taste the nostalgia in every bite!
