

# LEATHER LUGGAGE TAG TUTORIAL

## SUPPLIES

- leather
- tape
- scissors
- sewing machine
- pattern
- artwork

## INSTRUCTIONS

- print out pattern and cut to size
- tape pattern to top piece of leather
- secure both leather pieces together with bulldog clips
- cut leather
- keep pieces connected while you cut handle slit
- separate layers and cut square out of top layer
- to cut out interior pieces, use a hole-punch to cut out corners and an X-acto knife to cut the straight lines
- secure two layers back together and sew with a sewing machine and leather needle
- optional – glue layers together with E6000 if you don't have a machine on-hand
