

Address: Persia. Would you care to buy a rug?

Seriously, you will know you're at the right place if you see some people in black jackets and white shirts and sunglasses with earpieces standing outside looking really nervous and fidgety like they're not sure what to do. They're keeping us safe.

Phone: What's the point?

Fax: That's what keeps making that beeping noise in the office!

Anyone who dares to park in the HIR driveway.

Bayit Main Sanctuary Caption Contest

Now that Micha 6:8 won the Bayit's Main Sanctuary Caption Contest, we can finally release the runners-up for the best expression of our Bayit's values to adorn our most sacred gathering space:

- 1) Let My People Go (Home Before 12:30pm on Shabbat Morning!)
- 2) Nobody Home. Gone Protestin'!
- 3) May The Force Be With You!
- 4) Rabbas of the World, Unite!

This Shabbat @ The Bayit

CATASTROPHIC FLOODING DRILL - Before the Haftorah, we will be filling the Main Sanctuary with 500,000 gallons of water. Lifejackets are located in your seat pockets, and lifeboats (which you may not inflate on Shabbat) will fall down from the rafters. Please follow instructions of our new Lifeguard Team. You might want to bring a change of clothes. Please note: This may or may not be related to the mikvah construction next door.

NEW CHILD PROTECTION POLICY - After a little over a year of bimonthly meetings and research, the Child Protection Team has announced a new policy to ensure absolute child safety in our Bayit: *beginning this Shabbat, please do not allow your children to enter the Bayit.* We thank you for your compliance in keeping our Bayit safe and inclusive for all.

Website and Building Code Updates

Website Master Form and Sneezing Form: Please be advised that going forward in order to fill out any forms on the website you will need to have submitted a master form and received back an authorization allowing you to fill out any other forms. Sponsorships for this very important form program are needed and appreciated. We will begin publishing the list of all the people who have filled out the master form in next week's bulletin. *Do not forget a specific form must be submitted and permission granted in order to sneeze or cough in any public areas of the Bayit. Tissue sponsorships greatly needed.*

Building Codes: We will start to print our entrance door access codes weekly in the classified section of The New York Times, be sure to search the listings every Wednesday under the heading "lost code". Please note you will not be able to enter the building under any circumstances without this number.

Announcement - BORAT

Rav Avi is starting a new Jewish organization, which he describes as "Edah very very light". He wants to "rally the troops" and convene a large group of people who share our values for a night of serious and heartfelt discussion at KJ culminating in a kumsitz. It will be called "BORAT." Sasha Baron Cohn and the dog from Family Guy will be panelists. Seeking Moderator. It is going to be big.
