

2026 Semester 2 Semester Test Timetable

Semester tests are scheduled to be completed between 16h00 and 19h30 on the dates as stipulated. Please remember that stipulated times refer to South African times.

Once students have started a Semester Test, the test will remain open for 25 minutes only. Numerical modules will have 30 minutes available. Depending on the selection of modules, students may have more than one test scheduled on the same day. Students must plan carefully to allow enough time to complete semester tests before the cut-off time of 19h30.
