# ONE-PIECE TAKE OUT CONTAINERS

## For Heat Lamps, Warming Units, and Microwaves.

With new anti-fog technology and vented lids, our containers offer unparalleled clarity after prolonged periods under heat lamps or in warming units.

Improved clarity means that customers can now see the meal or snack you have specially prepared for them.

The Culinary Series help you visually deliver the "dining out" experience for customers on the go - anywhere, anytime, any meal.

Introducing The new Crisp Food Container, available in two sizes, with the exclusive patented Convection Cross-flow™ technology to relieve moisture and condensation. Retains internal temperature better than any other fried food container, which assists in meeting local health department regulations.\*

\*Based on in-store side-by-side testing vs. the leading fried food container.

## FEATURES

## BENEFITS

- Anti-fogging clear lids

- Hinged containers

- Secure snap closure

- Vented lids

- Convection Cross-Flow™ ventilation

- Positive stacking and interlocking bases and lids

- Ribbed sidewall design

- Channels in base

- Fill lines in all cavities

- Offset opening tabs

- Wide flange

- Superior lid clarity even under the hottest conditions. Excellent for assuring order accuracy.

- Bases and lids together that always match, saving time and reducing SKU's.

- Ensures freshness and prevents leaks and spills.

- Relieves steam to maintain food quality.

- Crisp Food Containers (CB910F and CB690F) keeps fried foods crisp and works even when containers are stacked.

- Great for transporting.

- Provide excellent structural integrity.

- Allows juices to drain and adds structural strength to container.

- Match industry standard tray ounce capacities and make portion control for foodservice operators simple.

- Makes the container easy to open for your customer.

- Acts as a handle for transport of hot foods.

PERFORMANCE VALUE	RIGID POLYSTYRENE	CULINARY BASICS	CULINARY CLASSICS
Reusable	<b>NO.</b> Not durable or break-resistant. Use and disposal prohibited in certain municipalities	<b>YES.</b> Limited Reusability	<b>YES.</b> Perfect for serving, saving leftovers, and reusing multiple times. Dishwasher safe.
Heat-tolerant and Microwavable	<b>POOR.</b> When heated, may produce off-odors and off-flavors.	<b>GOOD.</b> Superior to polystyrene, PET, and PS Foam.	<b>EXCELLENT.</b> Withstands up to 230°F when used under heat lamps, in warming units, or in microwaves. No need to transfer to another container to heat. Heat and eat from same container.
Customer Perceived Value/Cost	<b>BELOW AVERAGE.</b>	<b>BETTER.</b>	<b>BEST.</b>
