## Compact batterypowered 17 in. (43 cm) auto scrubber

The TASKI swingo 455 B/BMS can be used in a wide variety of application areas. It is truly versatile for use in all types of small or congested hard floor areas such as retail stores, kitchens, schools and hospitals.

### Features & Benefits

- Its compact size and small, ergonomic handle enable this machine for use in small, congested hard floor areas while still offering great working width and increased tank volume
- Cleaning along walls and under tables is easily possible due to the height adjustable, flexible handle and the dual axle system
- The new, patented V-Shaped squeegee enables excellent water pick-up from the floor with squeegee adjustments no longer being necessary
- With intuitive controls and yellow maintenance points, operator training and maintenance time is reduced
- The incorporation of an easy to remove recovery tank makes the TASKI swingo 455 simple to use and to keep clean
- This machine is very robust and durable and engineered to withstand the toughest cleaning tasks
- The use of high tech material and long life components enhance the machine's uptime while reducing service and repair costs

### Applications

- Ideal in all types of small or congested hard floor areas such as retail stores, kitchens, schools and hospitals
