Evolutions™—transforming deli packaging as you know it!

Let customers know they are getting the freshest products possible with Evolutions™—tamper-resistant deli containers from Placon. Constructed from EcoStar® PETE, recycled softdrink and water bottles, Evolutions™ combines maximum clarity with leak-resistant lids to give you the best in today's deli containers. Perfect for cold, ready-to-eat deli foods like pasta salads, fruit, nuts and candy!

- Five base sizes ranging from 8oz. to 32oz.
- Recessed lid allows stable stacking while maximizing shelf space.
- Tight-fitting and leak-resistant lids help prevent spills in the store as well as on the go.
- Constructed from EcoStar® post-consumer recycled PET with up to 100% recycled content.
- One common lid for all sizes is easy and convenient, maximizing storage space and reducing inventory.

Evolutions™ is just one product in Placon's food packaging line containing EcoStar® food-grade recycled PETE with up to 100% post-consumer recycled content.

Tamper-resistant perimeter design deters tampering.

Small corner tabs must be used to open the package.

Once opened, the bent tabs stay upright alerting consumers the package has been opened.

Keeping juices, sauces and other liquids securely contained, a tight leak-resistant 360° seal ensures the contents stay inside.

Containers stack into the lid of the container below to make merchandising easy and secure.
