

Beacon

Solid Silverware Presoak

- 100% active raw materials -no water or fillers added
- Specially formulated to prepare tableware for spotless, one pass washing
- Safe, convenient and controlled use
- Effective, yet mild to hands
- Concentrated formula removes tarnish and stubborn dried on foods
- One capsule yields approximately 760 gallons use solution

Packaging: 1 x 4.75 lbs/case

BEACON is a concentrated silverware presoak detergent with enzymes which softens and loosens dried-on foods, guaranteeing removal of all food soils in the dishmachine. BEACON is dispensed through a unique dispenser, typically the P4C4000 and R2U4000, to eliminate overuse. Excellent performance in all water conditions. Pleasant scent.

Cleaning solutions for the health of your business.

Beacon

TECHNICAL DATA

DIRECTIONS FOR USE:

Remove plastic cap. Place upside down in dispenser. Activate dispenser to obtain pre-measured amount of Beacon in silverware soak pan.

To remove black tarnish from silver plate, place sheet of aluminum foil in the presoak pan. Add Beacon solution.
