NO TOUCH DISPENSER

Luxury meets efficiency for a healthier restroom

Image Enhancement

With a sleek, polished chrome finish, this dispenser enhances the aesthetic of any restroom while the touch-free function clearly indicates a facility's commitment to good hygiene. LUX hand soap refills provide a luxurious handwashing experience while effectively cleansing skin.

Labor Efficiencies

The patented locking refill system saves labor, strain and stress. Once the refill bag is locked into the dock, staff is free to complete other tasks. Setting a regular maintenance schedule is easy: refill one dispenser or top off many.

Cost Savings

The touchless system consistently delivers the right amount of soap and evacuates product fully. The locking refill dock and bag system eliminates leaks, saving on product waste.

Safety and Health

OSHA recommends reducing repetitive motions and routine hazards for a safer working environment.* TOPFILL is an effective solution by eliminating repeated, unhygienic under counter servicing. All users of this no touch dispenser benefit from the cleaner, healthier space that is created.

Advanced waterproofing and robust construction withstand heavy, high-traffic use

Dispenses .6 mL of soap per hand wash

Sensor switch can be adjusted to achieve desired dispensing range

Soap refills sold 3/1200 mL

Canister capacity 1500 mL

Engineered for more than 40,000 product dispenses; four D-cell batteries are included for powerful, long-lasting function; A/C adapters sold separately

Keep Cleaning Staff Off the Floor

Using a patented refill dock and resealable product bags, this innovative system refills from above the counter. TOPFILL eliminates the need to remove panels or crawl under the counter to change refills. Soap flows into the reservoir then stops automatically once the reservoir is full – a quick, clean and convenient process.

Sealed Sanitary System

Completely sealed and self-contained to eliminate the risk of contamination, refill bags open only when locked into the refill dock. Once removed, both refill bag and refill dock reseal to keep water and air out. When the dispenser head is locked in place, the system is again sealed.

MANUAL DISPENSER

Durable and easy, complements any decor

Top 10 Benefits of TOPFILL™ Dispensers

- Eliminates hygiene and safety risks associated with crawling under counter to refill
- Completely sealed system significantly reduces cross contamination
- Soap is fully evacuated – no waste from partially filled cartridges
- Thick and luxurious foaming soap refills enhance the user experience
- Durable, robust construction for high-traffic restrooms
- Ecologo® and Green Seal® Certified soaps for sustainable environments
- No messy soap spills or leaks
- Locking refill system reduces labor, freeing up time for other tasks
- High capacity soap reservoir provides up to 2,500 handwashes
- Easily replace dated, ineffective counter mount systems

Made from ABS plastic with chrome accents

ADA push compliant: can be operated with one hand requiring less than 5 lbs. of pressure to dispense product

.75 mL of soap per hand wash

Soap refills sold 4/1000 mL

Canister capacity 1000 mL

COUNTER MOUNT REFILLS

Foaming LUX Hand Washes

Refills for no touch dispensers only

LUX hand washes from Health Guard® gently and effectively cleanse skin for a luxurious handwashing experience. These extra soft foaming soaps clean without stripping the skin of its essential oils and with added aloe and vitamin E, hands are left feeling fresh, smooth and well-hydrated.

Each LUX formula is Ecologo® certified for reduced environmental impact. Choose from pleasant, sophisticated fragrances or dye and fragrance free. Each refill bag provides approximately 2,000 handwashes.

Foaming Moisture Washes and Hand Soaps

Refills for manual dispensers only

Health Guard foaming moisture washes are enriched with emollients to protect skin and humectants to maintain skin's natural moisture. They delicately and efficiently remove soil and bacteria from the hands. The high-performing hand soap formulas are Green Seal® certified to be environmentally responsible. Approximately 1,300 handwashes per refill bag.
