- **Cleans, Polishes & Protects**
- **Leaves a Protective Film**

# Deep Luster™

## Stainless Steel Cleaner

**DEEP LUSTER™** Stainless Steel Cleaner is a blend of water, oils and cleaning agents that is formulated to remove stains, smudges, fingerprints and other soils from steel, chrome and aluminum. It cleans down to the bare metal and leaves a protective coating that resists soils and leaves a shine. For use in schools, offices, department stores, hospitals, vehicles, restaurants, cafeterias, elevators, water fountains, nursing homes or any metal surface.

### Labor Saving:

Spray and wipe. The metal immediately takes on a shine that is protected against resoiling.

### User Friendly:

Ready-to-use aerosol package simplifies application. Nothing to dilute.

### Efficient Cleaning:

Removes tough dirt and stains. Leaves a soil resistant barrier.

### USE INFORMATION:

Recommended for use on kitchen equipment, appliances, sinks, restaurant fixtures, vending machines, drinking fountains, elevator doors or on any washable hard surface. Do not allow spray to fall on the floor or use on floors as surface will become very slippery.

### PRODUCT SPECIFICATIONS:
