**MILD ON THE SKIN:**

Antiseptic Hand Cleaner contains a blend of mild skin cleansers that will not over-dry or chap hands even with frequent hand washings. Healthcare, education, food service, and institutional personnel are often encouraged to wash their hands 20 to 30 times a day. Antiseptic Hand Cleaner is formulated to circumvent the common complaint that frequent hand-washing dries and chaps hands.

**FREE RINSING:**

Hands feel clean due, in part, to free rinsing action. No lingering residue remains on hands.

**FRESH FRAGRANCE:**

The pleasant fragrance provides mild cleansing action with no strong medicinal odors. Formulated for extended appeal.

**DISPENSING:**

Recommended for use in plastic, stainless steel, or chrome-plated metal dispensers. Use in surface and basin mounted dispensers, foot and elbow operated dispensers, latherns and gravity feeds.

**DIRECTIONS FOR USE:**

1. Wet hands and forearms.
2. Apply a small amount of product (about 5 ml) on hands.
3. Scrub thoroughly for at least 20 seconds.
4. Rinse well and dry hands completely.
