

## Safety Zone® Latex Flock Lined 16 Mil Gloves, Blue, Medium

Safety Zone® latex, flock-lined gloves—commonly known as “dishwashing gloves”—provide dependable hand protection for general cleaning, dishwashing, and food handling. Made from waterproof, flexible natural latex, they offer resistance to mild cleaning agents, water-based chemicals, acids, fats, alkalis, alcohols, acetone, and some solvents. The durable 16 mil thickness helps resist tears and punctures, while a soft cotton flock lining absorbs sweat to keep hands dry and comfortable. A recessed diamond texture delivers a secure, non-slip grip, and the 12-inch length with rolled cuffs helps divert water and allows for easy on and off. Cost-effective and flexible, these blue latex gloves provide excellent touch sensitivity and dexterity for janitorial, warewashing, food processing, light chemical handling, and other general cleaning tasks. Trusted by professionals nationwide, Hospesco Brands Group delivers high-quality products that promote hygiene, safety, and efficiency.

### Key Features

- Great for commercial dishwashing, food handling, high-volume food service, food and meat processing, light chemical handling, and janitorial tasks
- Waterproof latex gloves are popular for food handling, high-volume food service, food and meat processing, and fish processing, due to their increased resistance to animal fats
- Latex gloves provide chemical resistance to mild cleaning agents, water-based chemicals, acids, animal fats, alkalis, alcohols, acetone, and some solvents
- The 16 mil thickness provides good protection, resisting some tears and punctures from sharps, while the 12 inch length with rolled cuffs diverts water from rolling onto arms and wrists
- Recessed diamond patterned texture to create a more secure, non-slip grip
