

Enzymatic Urinal Blocks

Cleans & deodorizes with every flush

Enzymatic urinal blocks are water activated and packed with beneficial bacteria that keeps urinals and drains clean and smelling fresh.

Urinal Blocks

Effective

Each block contains billions of beneficial bacteria that consume odors at the source.

Maintenance-free

Freshens urinals for up to 1,000 flushes.

Less waste

Each block is wrapped in water soluble film so there's nothing to throw away and installation is fast.
