FLOOR MACHINE

GALAXY 17/20/DS

For a durable, powerful floor machine in an economical package, choose the Galaxy. Precision-balanced for easy operation and maneuverability, this machine scrubs, strips, spray buffs, polishes and shampoos.

- Dependable Operation. Chrome-plated steel skirt and a heavy-duty motor provide year after year of service.
- Safety Lock-Out. The mechanical lock-out switch on the Galaxy prevents accidental starts.
- Standard models to fit any application and budget.
 - Pad Size: 17" or 20"
- Dual Speed (DS) model for added versatility.
 - The Dual Speed model changes from 180 RPM to 300 RPM at the flip of a switch. Use low speed for scrubbing and high speed for polishing and carpet bonnet cleaning.
 - Pad Size: 17" or 20"

DO NO HARM™

The Galaxy can be used to spray buff and damp strip. Repair and restore worn floor finish in high traffic areas without using chemicals to strip the entire area.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

OPTIONS AND ACCESSORIES

ECOSTRIP

Ecostrip 400 pads are coated with a specially formulated diamond abrasive that can remove layers of floor finish without stripping chemicals.

Ecostrip Buff pads have a fine 8500 grit diamond coating that brings back the shine after scrubbing. Perfect for high traffic areas and restoration work.

Add a 3.5 gallon solution tank to your floor machine. The solution tank easily mounts on the handle. A hand operated valve controls solution flow and a tube delivers solution directly to a port in the skirt.
