Color Safe Bleach

Clothesline Fresh Color Safe Bleach is a non-chlorinated, oxygen-based bleach that enhances the performance of Clothesline Fresh Laundry Detergents. Clothesline Fresh Color Safe Bleach is safe to use on most all machine-washable fabrics and colors, yet powerful enough to remove even the toughest stains.

CONTEMPORARY CLEANING TECHNOLOGY:

Clothesline Fresh Color Safe Bleach was formulated in partnership with the Environmental Protection Agency's Design for the Environment Program. Clothesline Fresh Color Safe Bleach brightens colors and whitens whites much more than using detergent alone. Clothesline Fresh Color Safe Bleach is formulated with the power of active oxygen, an effective oxidizing agent, for superior brightening of white and colored fabrics.

COMPLETE LAUNDRY SYSTEM:

Clothesline Fresh Color Safe Bleach is best when used as a part of a 5 step, total laundry program. Combine with Clothesline Fresh Laundry Detergent, Break, Sour, and Softener for best results. Clothesline Fresh Color Safe Bleach is safe to use in all front and top loading laundry machines.

COLOR AND NUMBER SYSTEM:

Each Clothesline Fresh Laundry product has been color coded and number coded for easy product identification. All product information and literature, plus, each product label, carton and secondary label reflects this color and number, making training easier and faster.

DIRECTIONS FOR USE:

DO NOT MIX WITH OTHER CHEMICALS.

Some individuals may be sensitive to ingredients in this product. Before use, read product label and SDS. If questions remain, consult your employer or a physician.

As a Laundry Bleach:

1. Always read and follow care directions.
2. If the care label on a garment states "no bleach," do not attempt to use Clothesline Fresh Color Safe Bleach without first testing an inconspicuous area on the garment.
3. Sort laundry by color and fabric type.
4. From care directions, choose proper wash cycle and water temperature.
5. Do not overload washer with soiled laundry.
6. Add Clothesline Fresh Color Safe Bleach during the first rinse cycle or along with Clothesline Fresh Laundry Detergent during the wash cycle for best results.
 - a. If using a metering system: Add 3 – 5 oz. of Clothesline Fresh Color Safe Bleach per 50 lbs. of dry laundry, depending on soil load and stain type.
 - b. For manual addition: Add 1/4 to 1/2 cup (2 – 4 oz.) of Clothesline Fresh Color Safe Bleach per 50 lbs. of dry laundry, depending on soil load and stain type.

As a Laundry Pre-Soak:

1. Sort laundry by color and fabric type.
2. Add 2 – 3 oz. of Clothesline Fresh Color Safe Bleach to 2 gallons of water, using the hottest water recommended from the care directions.
3. Pre-soak garments.
 - a. For bright and dark colors, pre-soak for 15 – 45 minutes.
 - b. For whites and light colors, pre-soak for 1 – 6 hours.
4. Wash as usual using Clothesline Fresh Laundry Detergent and Clothesline Fresh Color Safe Bleach.

As a Laundry Stain Pre-Treatment:

1. Apply a small amount of Clothesline Fresh Color Safe Bleach directly to the stain as soon as possible.
2. Gently rub the stain and allow Clothesline Fresh Color Safe Bleach to penetrate the stain for 3 – 5 minutes.
3. Wash pre-treated garment immediately using Clothesline Fresh Laundry Detergent and Clothesline Fresh Color Safe Bleach.

NOTE: Do not allow Clothesline Fresh Color Safe Bleach to dry on fabric. This can lead to fiber damage of the garment.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.
