

Fresh 'n Clear™ GoCubes™

SIMPLY FRESH

Placon's Fresh 'n Clear™ GoCubes™ line brings style, versatility, and best of all, sustainability to a classic square container. GoCubes take on the go convenience and give it a look that will draw customer attention. Use GoCube bases alone or add a universal insert tray for maximum appetite appeal and extended shelf life. Select GoCube models now have the capability to use our SnackCube on the go product to give you better portion control and keep your ingredients fresher for longer.

Eco-friendly

Made with EcoStar® recycled PET material, GoCubes offer sustainability without sacrificing clarity. Seeing your food is just as important as seeing that your packaging is sustainable.

Mix and Match

GoCubes ultra sleek bases are available in eleven base sizes, from 6 to 80 ounces in our CC1 and CC2 model numbers. Both CC1 and CC2 base models are compatible with one of six different styles of insert trays in clear or some available in black for more versatility and merchandising options than you've ever had from a stock thermoformed food container.

Fresher Longer

Keeping contents separated lets you highlight specific ingredients while keeping food looking better and tasting fresher longer. GoCubes compartment trays eliminate the need for weighing and measuring ingredients, ensuring consistent portions from package to package while reducing prep time.

Film Seal or One-Size-Fits-All Lid

Easy to film seal, these containers also offer a convenient, one-size-fits-all recycled PET lid option using our EcoStar blend that is 100% recyclable. It offers your product a secure seal, easy opening tabs, inside fit for leak resistance and crystal clear anti-fog technology.

Brand Them Your Own

GoCube lids options made from our EcoStar post-consumer recycled PET can be embossed with your logo for a unique and customized look.

Stacks Great, Nests Great

GoCube containers are designed for modular stacking, which makes carrying large numbers of containers less challenging. Optimum nesting makes it easy to store lids and bases.

Better Packaging Means A Better Experience

Placon is one of the nation's leading designers and manufacturers of thermoform packaging. Dedicated to solving problems through proactive innovation, our packaging inspires better engagement between people and products. Our large selection of high-quality stock and custom food packaging offers food retailers and their consumers quality, protection and sustainability.

Try Fresh 'n Clear GoCubes

See why Fresh 'n Clear GoCubes is more than just a square package. Visit placon.com to learn more or request a sample to see for yourself.

The GoCubes base along with an inside fit or overcap lid, can provide leak resistance to lock in product freshness longer.

GoCubes are now able to use our on the go SnackCubes as inserts. These inserts give you compartment options for your ingredients, or film seal the SnackCubes to separate the ingredients and keep your meal kits looking fresher longer.

Choose from multiple tray insert options to hold those special ingredients that you may want to add later to your salad or meal kit, while reducing your prep time.

GoCubes gives you the option to use insert trays or lid options to fit your product and make it convenient. No more having to worry about how to pack or store your ingredients, simply use GoCubes as the combination options are endless.
