

## Tamper Evident Clamshells

These clamshell style containers are clear, strong, durable and perfect for food service applications like: deli salads, spreads, fresh cut fruit, cookies and green salads. The squeeze bar opening feature requires no equipment for closing and they have a smooth sidewall design. The lid has micro attachments which produce a physical and audible “zip” when opened and is re-sealable. The containers are embossed with our number1package logo and the percentage of recycled content to help convey the value of the material to both consumers and recyclers.
