

Grab n' Go

Packaging designed to beautifully display your culinary creations.

Elevate your grab n' go experience!

Clearly display your culinary creations

Make it a clear choice by showcasing your salads, parfaits, veggies, fruit trays, and more with containers or drinkware that provide premium product clarity and presentation.

Present and package in innovative ways

Inspire appetites and impulse purchases by offering unique and one-of-a-kind snack combos.

Show you care with sustainable solutions

Reduce your environmental impact with our full range of sustainable packaging, which includes recyclable* and commercially compostable** solutions.

Expand customer awareness with your brand

As customers grab n' go with your creations, let your brand shine with our custom cup printing.

*Recyclable. Check locally - may not be recyclable in your area.

**Commercially compostable only. Facilities may not exist in your area. Not suitable for home composting.

Top picks for grab n’go

We’ve hand-picked a list of top-moving items purchased within the grab n’ go segment. Utilize the chart on the next page to view these packaging solutions!

Superior Visibility

Clear packaging that showcases your menu items with premium product clarity and presentation.

Premium Performance

Products in this category are strong, stackable, and moisture-resistant.

High Heat Performance

Packaging ideal for a variety of temperatures such as merchandising in hot case displays, to-go staging under heat lamps, reheating in a microwave, top rack residential dishwasher safe or oven safe. Be sure to read the product family’s brochure to learn more.

Recyclable*

View the chart below to see which products are recyclable*. Recycling products gives them a second life and helps keep them out of landfills. Remember to check locally as products may not be recyclable in your area.

Commercially Compostable**

Are compostable** products a key ingredient for your grab-n-go offering? If so, we have great options! Be sure to look at our chart on the next page to see which products meet this criteria. Our compostable products are not suitable for home composting and are commercially compostable only. However, these facilities may not exist in your area.

**Commercially compostable only. Facilities may not exist in your area. Not suitable for home composting.

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
