

Dependable, full-line convenience

# Health Care

## Performance and More

### High Density and Linear Low Density

From Hospi-Tuff® can liners to autoclave and water soluble bags, Berry offers the broadest health care line in the business. That means you can depend on Berry performance, value and consistency across your full range of waste containment needs.

Our Hospi-Tuff low-density liners meet D.O.T. Tear standards, while both low-density and high-density Hospi-Tuff liners meet D.O.T. Dart (puncture) standards. Hospi-Tuff liners are available in three colors in both printed and non-printed formats.

- **Low-density liners (1.25 mil or greater) meet D.O.T. 165 gram dart resistance test and 480 gram tear test**
- **High-density liners (11 microns or greater) meet 165 gram dart resistance test**
- **Available in printed and non-printed formats: red - "Biohazard"; yellow - "Infectious Linen"; blue - "Soiled Linen"**
- **Convenient dispensing – coreless rolls, flat folded, cored rolls**
- **Many sizes available with star bottom seal to eliminate leaks and odors**
- **Wide range of sizes and gauges**

**Autoclave Bags** are made of tough 2.0 mil rubberized polypropylene and exceed federal EPA Dart Test standards.

- **Heat indicator changes from pink to brown above 250° F**
- **Withstands temperatures of 300° F**
- **Printed with bio-hazard symbol and "Infectious Material to be Autoclaved" in both English and Spanish**

**Water Soluble bags** are soluble in water above 150° F.

- **Packaged in moisture-proof barrier packs**
- **Red tie closure is soluble in cold water**
