

Non-Acid Bathroom Cleaner

Victoria Bay

Quality products for everyday needs.

DESCRIPTION

Ready-To-Use. This product is a one-step*,¹ disinfectant cleaner and odor-counteractant designed for general cleaning, disinfecting, deodorizing and controlling non-pathogenic mold and mildew on hard, non-porous inanimate surfaces. Hard, non-porous surfaces: Hospitals, restaurants, schools. Use Sites: Restrooms, shower stalls, floors, faucets, sinks, toilet bowls, glazed tiles, laminated surfaces, metal surfaces, brass, chrome, counters, stainless steel surfaces. This product is effective against SARS-CoV-2, which causes COVID-19** on hard non-porous surfaces in just 60 seconds.

Please read entire container label for detailed instructions and safety information.

DIRECTIONS

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
This product is not for use on critical or semi-critical medical device surfaces.

DISINFECTION, DEODORIZING AND CLEANING - Remove visible soil prior to application of the product. Hold container six to eight inches from surface to be treated. Allow product to wet the hard non-porous surface for 3 minutes (for Bloodborne Pathogens: allow surface to remain wet for HIV-1 1 minute and for HBV and HCV 1 minute). No scrubbing is necessary. Wipe with a clean cloth or allow to air dry. The product will not leave grit or soap scum.

One-step* cleaning and disinfection of toilet bowls and urinals: Remove water from bowl by forcing water over trap with a swab mop applicator. Press swab mop against side of the bowl to remove excess water from applicator. Apply 1 to 2 ounces of this product evenly, allowing sufficient time for product to cover entire surface of bowl for maximum cleaning. Swab bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand for **3 minutes** (for Bloodborne Pathogens: allow surface to remain wet for HIV-1 **1 minute** and for HBV and HCV **1 minute**) and flush. If water cannot be removed from toilet, use product on the external surface and above waterline only.

When used as directed this product is effective against: Pseudomonas aeruginosa, Staphylococcus aureus, Salmonella (choleraesuis) enterica, Escherichia coli, Streptococcus pyogenes, Salmonella (typhi) enterica, Hepatitis A Virus (HAV), Paramyxovirus (Mumps), Rhinovirus, Human Coronavirus, SARS associated Coronavirus, HIV-1 (associated with AIDS), Hepatitis B Virus (HBV), Hepatitis C Virus (HCV), SARS-Related Coronavirus 2 (SARS-CoV-2), Influenza A Virus H1N1, Norovirus (Norwalk Virus), Trichophyton mentagrophytes (Athlete's Foot Fungus).

See product label for a complete list of claims and directions for use.
