

73 Disinfecting Acid Bathroom Cleaner

CLEANER AND DISINFECTANT

- ▲ **EPA registered**, non-abrasive bathroom cleaner and disinfectant
- ▲ Performs effectively against **soap scum and hard water build-up**
- ▲ **5-minute disinfection*** compared to 10-minute disinfection time from leading competitors
- ▲ **Sanitizes** hard, non-porous surfaces in **90 seconds** and eliminates odor causing bacteria
- ▲ Positive user experience with a **pleasant fragrance**

* At a dilution rate of 8 oz/gal

THE IMPORTANCE OF DISINFECTION

- ▲ Organisms which cause disease or illness survive for months and can be a continuous source of transmission if surfaces are not disinfected.
- ▲ Regularly disinfecting your bathrooms provides your staff and the guests you serve with a safer environment.
- ▲ Each product has a specific concentration and dwell time for disinfection. Follow product label directions.

ECOLAB STUDIES SHOW

73% of EXECUTIVE HOUSEKEEPERS WANT DISINFECTION*
