

UPSIDE DOWN DREAMS

MICHELLE "MACE" CURRAN

Michelle, also known as MACE, led an impressive career as a Fighter Pilot during her 13 years in the United States Air Force. From 2019-2021, she flew as the only female pilot for the Air Force Thunderbirds and performed for millions across the country and internationally. Upon joining this high-performing team, she rapidly discovered the best part was not the flying but the opportunity to inspire others. Michelle was only the 2nd woman to fly as the Lead Solo in the Thunderbird demonstration since the team's creation in 1953. She realized this put her in a unique position to empower others. Let her share her stories of unbelievable flying, facing fears, and unwavering trust with your team. Michelle will bring real-world experience and inspiration to your organization.
