

Custom Business & Leadership Speaking Engagements

Leadership • Performance • Workability • Team Building & Alignment • Breakthroughs

With over 25 years in the business world—more than 20 of those dedicated to coaching and training in Ontology (the study of being)—I bring a unique approach to leadership, business performance, and team alignment. My expertise lies in identifying the root causes of organizational challenges and creating transformative learning experiences that drive meaningful change.

Why Book Me as a Speaker?

I provide interactive, educational, and motivational experiences that inspire real-world results. Each keynote is customized to your event's needs, blending cutting-edge insights from brain science and Ontology with an engaging, dynamic presentation style.

Speaking Topics Include:

- The Secret Pathway to Productivity: A New Model of Integrity
- Living into a Future That Wasn't Going to Happen
- How to Increase Productivity While Relieving Stress
- Being Known for Who You Say You Are—As a Leader or a Company
- Shifting Company Culture for Lasting Impact
- Creating Purposeful Alignment Within Your Organization
- Mastering Communication to Drive Results & Performance

I look forward to the opportunity to speak at your event and help your team unlock new levels of performance and success. Let's create a breakthrough together!
