Create a Supplier Profile to receive bid notifications. Contractors are encouraged to create a supplier profile in the ARBid Online Procurement System ("ARBid"). ARBid allows vendors to register to receive bid notifications from multiple Arkansas governmental entities, including LRWRA. Once a supplier profile has been created, the contractor should receive email notifications as bids, addenda, and all other bid information are posted to the website. The contractor's selection of categories will determine types of bids for which notification will be received. Information on how to register is located on the ARBid website at ARBid.net. A supplier profile is not required to view bid opportunities and download solicitation documents.
