

TERRAFINA ANNOUNCES A CHANGE TO ITS DIVIDEND GUIDANCE

Mexico City, October 9, 2024 - Terrafina ("TERRA") (BMV: TERRA13), a leading Mexican industrial real estate investment trust ("FIBRA") dedicated to the acquisition, development, lease, and management of industrial real estate properties in Mexico, announces a change to its dividend guidance of US\$0.1016 per certificate to a distribution of at least 95% of its tax result to the holders of its CBFIs on or before March 15, 2025. This change in guidance is effective immediately and has been made in order to preserve liquidity in Terrafina and avoid increasing the leverage level of the balance sheet. In light of this change, Terrafina will no longer be making quarterly distributions to its holders, and will only make distributions as may be necessary to comply with tax distribution requirements applicable to FIBRAS.

About TERRAFINA

Terrafina (BMV:TERRA13) is a Mexican real estate investment trust formed primarily to acquire, develop, lease and manage industrial real estate properties in Mexico. Terrafina's portfolio consists of attractive, strategically located warehouses and other light manufacturing properties throughout the Central, Bajío and Northern regions of Mexico. It is internally managed by highly qualified industry specialists and externally advised by PGIM Real Estate.

Terrafina owns 292 real estate properties, including 288 developed industrial facilities with a collective GLA of approximately 42.2 million square feet and four land reserve parcels, designed to preserve the organic growth capability of the portfolio. Terrafina's objective is to provide attractive risk-adjusted returns for the holders of its certificates through stable distributions and capital appreciations. Terrafina aims to achieve this objective through a successful performance of its industrial real estate and complementary properties, strategic acquisitions, access to a high level of institutional support, and an effective management and corporate governance structure.
