

TERRAFINA SIGNS BINDING AGREEMENT FOR THE CONSTRUCTION OF A 122,000 SQUARE FEET EXPANSION IN COAHUILA

Mexico City, February 25, 2020 - Terrafina ("TERRA") (BMV: TERRA13), a leading Mexican industrial real estate investment trust ("FIBRA"), externally advised by PGIM Real Estate and dedicated to the acquisition, development, leasing, and management of industrial real estate properties in Mexico, announced today the signing of a binding agreement for the construction of a 122,000 square feet expansion in Coahuila.

The expansion project will be developed for a tenant focused in electrical equipment assembly for industrial operations as well as industrial automation. We estimate a total investment of US\$6.2 million (excluding taxes), which will generate a development yield over stabilized net operating income (NOI) of approximately 10.4%. We expect construction will last 6 months and we will start collecting rents on the new space two months later. Finally, the new lease was signed for a 10 year-term.

Alberto Chretin, Terrafina's CEO, commented, "We are very pleased to announce a new expansion project in line with our development strategy, which allows us to strengthen our tenants' operations and promote more growth in the manufacturing for export activity in Mexico. Improving our clients' operations like this provides more stability and long-term visibility to Terrafina's portfolio".
