

Horizontal Lines

Lines that run **horizontally** and have an equation of the form

$$y = b$$

$$y = 3$$

$$y = -6$$

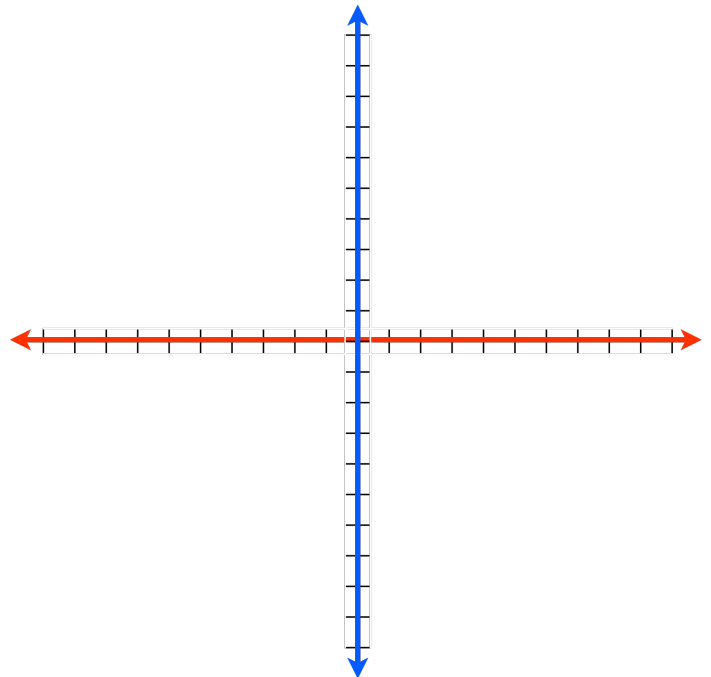

Vertical Lines

Lines that run **vertically** and have an equation of the form

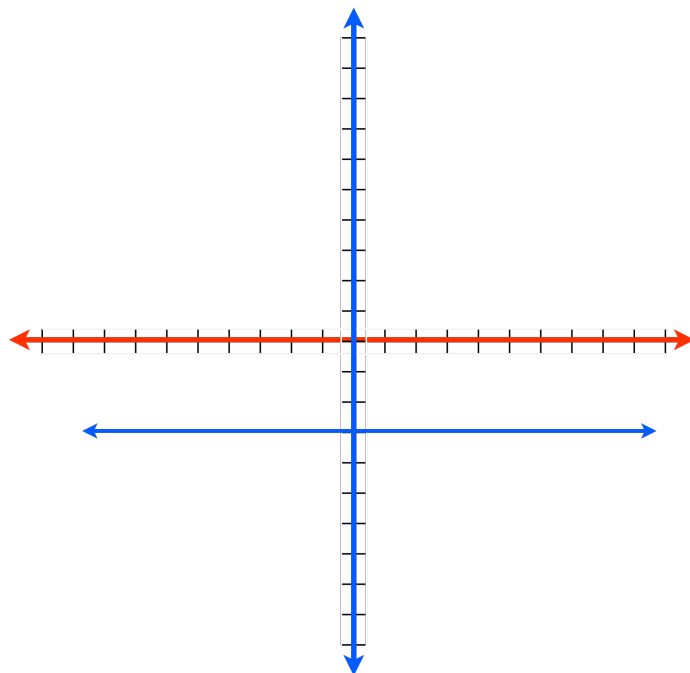

$$x = a$$

$$x = 5$$

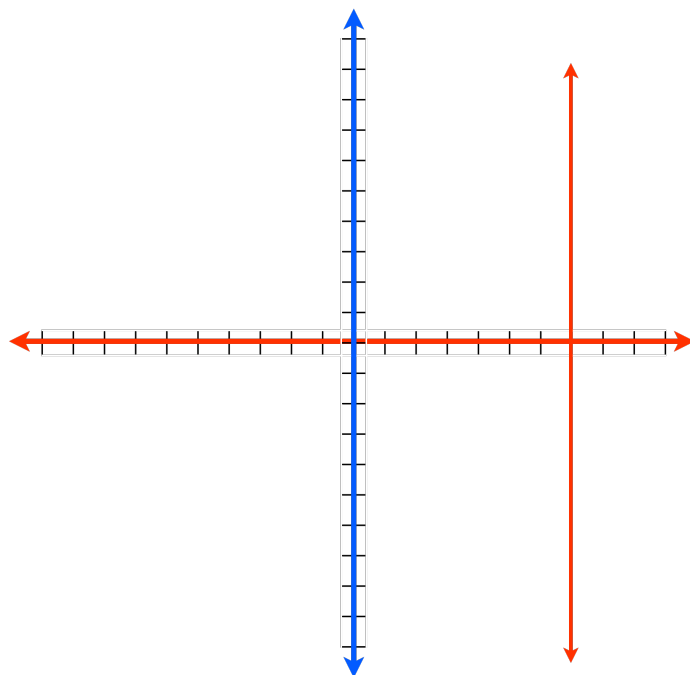

$$x = -1$$

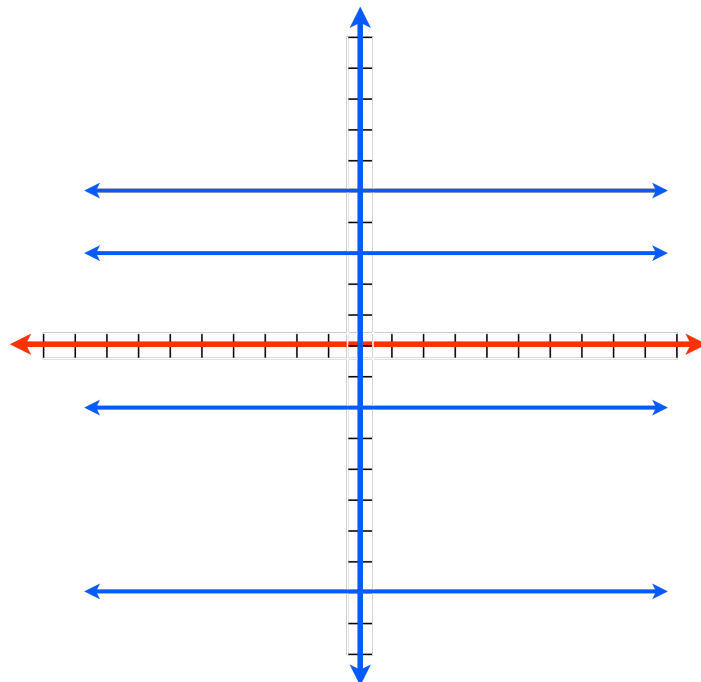

Determine the equations of the following lines.

Determine the equations of the following lines.

The Slope of Horizontal Lines

The Slope of Vertical Lines
