

Area of a Parallelogram

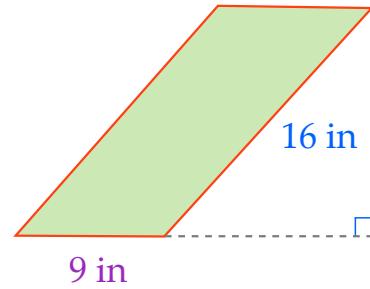

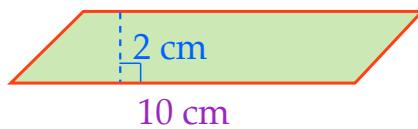

the area enclosed by the sides of a parallelogram.

$$A = \text{base} \cdot \text{height} = b \cdot h$$

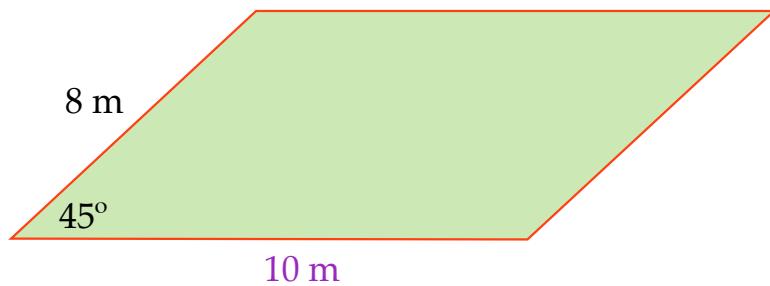

Find the Area of the following Parallelograms.

$$A = \text{base} \cdot \text{height} = b \cdot h$$

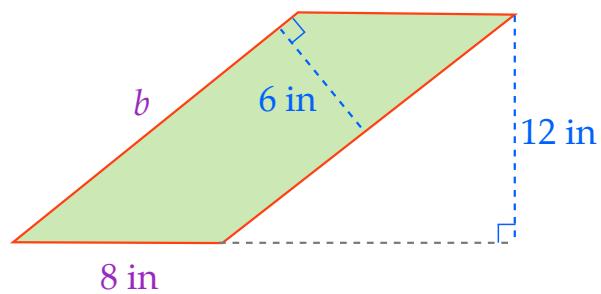

Find the **Area** of the following **Parallelograms**.

$$A = \text{base} \cdot \text{height} = b \cdot h$$

Find the **Area** of the following **Parallelograms**.

$$A = \text{base} \cdot \text{height} = b \cdot h$$

Area of a **Parallelogram**
the **area** enclosed by the sides of a **parallelogram**.

$$A = \text{base} \cdot \text{height} = b \cdot h$$
