IMPORTANT RECALL INFORMATION

Dear <<First Name>> <<Last Name>>,

We are sending you information about Guanfacine Extended-Release 2mg tablets that may be valuable to you.

On March 31, 2021 Apotex Corp issued a recall of Guanfacine Extended-Release 2mg tablets. **This recall was issued because trace amounts of Quetiapine Fumarate were found in the product. Taking trace amounts of Quetiapine Fumarate could cause hypersensitivity reaction, lowered blood pressure, sleepiness/sedation, and dizziness.**

Our records show you may have received a prescription for this medicine recently from your retail pharmacy.

This recall affects lot numbers RX1662 exp. 11/2022, RX1663 exp. 11/2022, RX1664 exp. 11/2022.

If you received any recalled product, please contact the pharmacy that filled your prescription for further instructions.

Apotex Corp recommends that consumers should not interrupt their therapy. Please call your health care professional right away for advice if you may be using affected product or if you do not know if you used affected drug. Your doctor is familiar with your medical history and can suggest the best treatment option for you.

For more information, please call Apotex Corp toll-free at 1-800-706-5575, Monday through Friday, 8:30 am to 5:00 pm or visit www1.apotex.com/global/en. You may also call the U.S. Food and Drug Administration toll-free at 1-888-INFO-FDA (1-888-463-6332) or visit www.fda.gov.
