RECALL NOTICE

Dear <<First Name>> <<Last Name>>,

Our records show that you may have recently filled a prescription for one or more products manufactured by Akorn Inc. at your pharmacy. We are writing to inform you of a limited recall for multiple Akorn products.

On January 14, 2023, the United States Food and Drug Administration (FDA) classified the recalls of multiple products from Akorn as Class II recalls. According to Akorn, this recall was issued because of the closure of the Somerset manufacturing site and the subsequent discontinuation of stability support for all marketed products. Discontinuation of stability studies means the firm will not be able to guarantee that the products will meet all intended specifications through the labeled shelf life of the product. **Akorn issued this recall on October 10, 2022 to wholesalers and pharmacies only, and is not requiring action on the part of consumers in connection with this recall.**

A list of the affected products and lot numbers is provided at the end of this letter.

Talk to your doctor if you have any concerns about the product or this recall.

For more information, call Akorn Customer Service at 1-800-932-5676 or e-mail at customer.service@akorn.com. You may also call the FDA at 1-888-INFO-FDA (1-888-463-6332). Or visit [fda.gov](https://www.fda.gov).

- This letter is offered in other languages. Call the number on your benefit ID card. TTY users should call 1-800-863-5488.
- Esta información está disponible en otros idiomas. Por favor llame a nuestro departamento de servicios al cliente al número gratuito que aparece en su tarjeta de identificación. Los usuarios de equipo teleescritor (TTY) deben llamar al 1-800-863-5488.

Sincerely,

CVS Caremark®
