

Andrew

Sending an email to suggest the Plainfield Board of Zoning Appeals approve the requested encroachment. I am Jay Hundley's direct neighbor and have no problem with the request to put the pool in. In my opinion it will add value to the neighborhood. Additionally, there is common property behind our houses on Providence Pass that will never be built on and as such will not impose on any neighbor.

I will not be able to attend the meeting, but if you have any questions, please give me a call 317.727.0423.

Thanks  
Barry
