Re: 6102 Cambridge Way, Plainfield IN

To Whom It May Concern,

Let this letter serve as a formal request for the continuance of our site plan submission for the former Bob Evans. Per the request of the town, we are working on a full traffic impact study to address the memo provided by Scott Singleton. The additional report will not be completed in time for the June 5th agenda and our professional consultants are unable to attend the July 6th meeting. We would like to take this time to complete all our requirements and reschedule our meeting to be placed on the August 7th Agenda or to work with Kevin and the planning staff to organize a special hearing in July. It is imperative that all members of our team are present during our presentation to be able to answer all necessary questions as they arise during discussion.

Sincerely,

Jordan Chapman
