Plainfield Plan Commission  
of the Town of Plainfield, IN

To: Plainfield Plan Commission,

I am responding in support of Petition PP-23-036, a Petition requesting Primary Plat and Final Detailed Plan approval for Hall Business Park on 18.5 acres +/- parcel zoned Hall Business PUD.

First, a little background on who I am. I am an electrical engineer, retired from Duke Energy after 35 years of service. My wife and I have lived in Plainfield for 42 years. We have lived at our current address for 34 years and one of John Hall's closest neighbors.

The proposed Hall Business Park is part of the John Hall Family Farm. As you can see from the attached photo, the John Hall Family Farm has been owned by the same family for over 100 years as acknowledged by the state of Indiana's Office of The Commissioner Of Agriculture. The John Hall Family Farm has to date been in the same family for approximately 115 years.

John Hall also runs a successful trucking business on the family farm. John's trucking business will reside within the Hall Business Park.

One of John's customers is the Indiana Department of Transportation (INDOT). Through John's business he is helping maintain Indiana's roads.

John's business also provides excavating services to the local area thus helping with the development of our community. I personally have used John's excavating services many times.

John's business employs people from the local community, furthering the growth of our town.

Through the years John and his family have supported many organizations in our community. John and his family have been one of the leading citizens of not only The Town of Plainfield, but Hendricks County as well.

John's family has contributed much to our community. It is time for the Town of Plainfield to give back to John Hall. I would like to remind the commission that John's late wife Pam was a member of the Plainfield School Board for many years.

For all these reasons, I believe John Hall's business needs the protection of the proposed business park. We can ill afford to have one of the town's most successful businesses lost in the future due to the lack of the Plan Commission approving this petition.

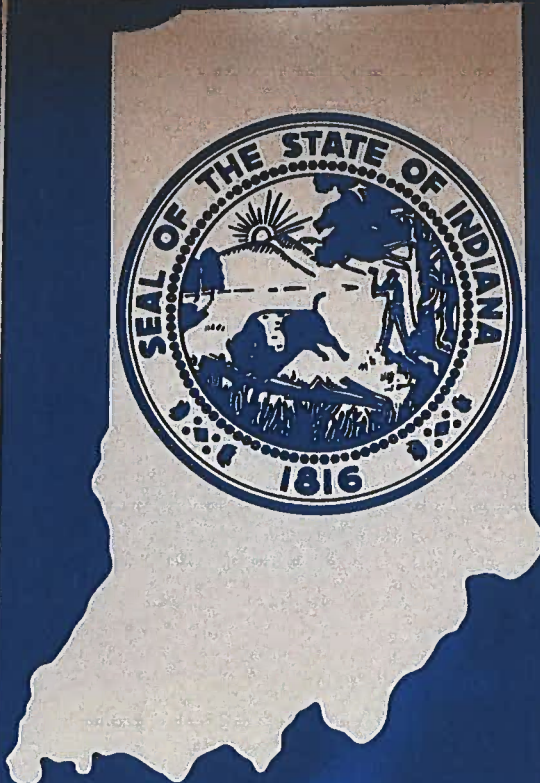

By approving this petition, the Plan Commission will be protecting one of the town's long time and successful businesses from the encroachment of the continued housing developments in the area. It is my opinion with his long standing in the community that John Hall is entitled to having this petition approved to ensure not only the continued success of his business, but to also insure his and his family's continued contributions to the progress of the Town of Plainfield.

The Plan Commission needs to approve the zoning for Hall Business Park in support of one of Plainfield's very long-time leading citizens and developers.

Sincerely,

Mark E. Musick
