

**Second Amended  
Project Narrative**

Petitioner respectfully requests to rezone from GC to HB the 3.03 acre +/- site located at the southwest corner of State Road 267 and Camby Road (the "South Site"), which is currently zoned GC and is Block E of Plainfield Logistics Park. Additionally, Petitioner requests to rezone from I-2 and GC to HB the 3.12 acre +/- site located at the northwest corner of State Road 267 and Camby Road (the "North Site"). Approx. 1.6 acres of the North Site is currently zoned I-2 and is part of Lot 3 of Plainfield Logistics Park II, commonly known as 6809 Delaware Drive (the "1.6 acre Portion"). The remaining approximately 1.52 acre portion of the North Site is currently zoned GC and is Block C of Plainfield Logistics Park II.

Petitioner also seeks primary plat approval to include the 1.6 acre Portion of the North Site within Block C of Plainfield Logistics Park II. If the requested rezoning of the North Site and primary plat are approved, Block C of Plainfield Logistics Park II will contain approximately 3.12 acres and be zoned HB.
