Racking, Conveyor, Platform, Mezzanines, Fire Suppression and Fire Alarm Systems Inspection Procedures

All inspection requests need to be made through the [iWorQ portal](#).

- Enter your contractor access code. (Typically, main contractor phone number minus area code and dashes.)
- Search for your permit using the fire permit number
- Click Request Inspection and enter pertinent information for inspection.

Send a courtesy email to Wade Stevens wstevens@plainfieldfire.com (recommended)

Inspections will be scheduled based on our current workload and already scheduled events (typically 3-5 days)
