APPLICATION AND AGREEMENT FOR TEMPORARY ELECTRICAL POWER

***Submit by email to inspections@reidsvillenc.gov**

Date Submitted: _____

Permit #: _____

PROPERTY ADDRESS: _____

PROPERTY OWNER: _____

GENERAL CONTRACTOR: _____

ELECTRICAL CONTRACTOR: _____

I, the undersigned, do hereby make application for temporary electrical power and/or lighting connection for the building being constructed/alterd under the authority of City of Reidsville Permit Number _____.

This temporary electrical power is required for the following purpose:

and will be required for a period of _____ days, commencing on _____ and ending on _____.

I, the undersigned, do hereby assume full responsibility for any damage or destruction which may occur from the usage of this temporary electrical power and/or lighting. The approval of this application by the City shall in no way constitute a final inspection of the electrical wiring, nor shall it be construed as an occupancy permit or Certificate of Occupancy.

It is understood and agreed to that the building or structure for which this temporary power is required is not to be occupied for its intended use until all final inspections, stipulations or other requirements under which the permit was issued are in full compliance.

Permitted Uses: Utilization of portions of the permanent wiring system to facilitate construction shall be permitted and limited to those instances in which the use of the same is deemed to be of reasonable necessity.

Reasonable necessity shall include any of the following:

1. The utilization of permanently installed HVAC equipment to maintain environmental conditions necessary to facilitate the installation of environmentally sensitive materials, or finishes in accordance with the manufacturer's instructions.
2. Where the distance between the construction site electrical service and any interior point at floor level is in excess of 200 feet following the most direct route that an extension cord could reasonably be routed.
3. Other situations as allowed by special permission.

Uses Prohibited: Utilization of portions of the permanent wiring systems during construction for any purpose other than testing and verification shall not be permitted where such use is solely for convenience. In no case shall any portion of the permanent wiring be energized for construction purposes until such portions have been inspected and released by the appropriate electrical inspector.

It is further understood and agreed to that upon failure on the part of the owner(s) or contractor(s) to comply with this agreement that the City of Reidsville Inspections Division may order the Power Company furnishing power to discontinue and/or disconnect the electrical service without notice.
