Veggie Burger

Yes we make
veggie burger.

I would like a
veggie burger.

Why don't you eat a
burger with meat in it?

We are Jains, and
Jains do not eat meat.

As Jains, we
believe that animal life is
as good as our own life.

Just as we don't like getting hurt or killed;

animals, birds, and fish don't
like being hurt or killed.

Raju: Oh! That makes sense.
I will get the vegetarian
burgers for you.

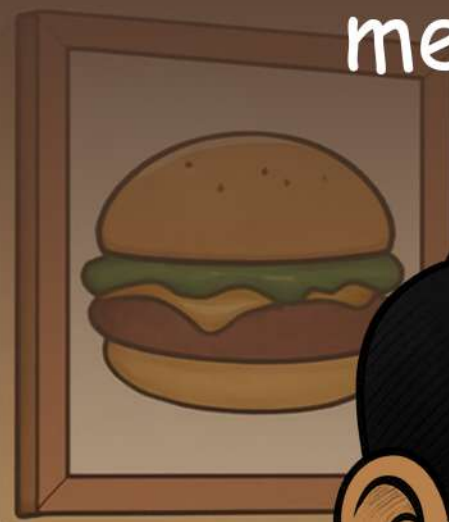

While getting the veggie burger, Raju admires their love and care for all kinds of life.

Anil and Ramesh were
happy with what they ate.

They make sure that their
foods do not contain any
meat products,
